With fair skies and warm weather the first day of the second annual exhibition of the Southeast Alabama Fair Association was marked Monday morning by wonderful parade of gaily decorated automobiles and horse drawn vehicles through the principal streets of the city.

The sidewalks were packed with people who eagerly awaited the coming of the procession which formed on West Main street and marched eastward starting about 11:30. The streets had been crowded for an hour or longer with spectators.

The parade was led by the Metropolitan Shows band also with Felix Leslie of this city

walking at the head of the procession pointing the way of parade. Then came President Mr. Mrs. John Sanders and Secretary and Mrs. Fred Thomas in a tastefully decorated automobile. Following the automobile occupied by these officials of the fair was the Red Iron Racket machine. Chero Cola car. Saxon & Heard's automobile, an automobile occupied by pretty girls the Texaco Company's car, the Dothan High School band. Sol Lure's several children in a pretty arrayed outfit. Miss Edith Wherette and Mrs. Eric Gellerstedt of the decorating committee. Mr. and Mrs. Ray Jones, Beatty Whidler and Judy Dothan Stein. Finally the Civic Improvement Club car load of young society girls the Camp Fire girls and the Woodmen of the World float. There were also several other automobile in the parade. All the machines present in the parade were handsomely decorated in the various colors some of the floats being mounted in beauty by greenery from trees. The procession did not let up until the fair grounds were reached.

Busy at Grounds

At the fair grounds everybody is busy and the finishing touches are being added to have everything as complete as possible. The gates opened this morning at 8 o'clock and quite a number of spectators were on the grounds before noon.

A PRAYER FOR FAIR WEEK

By Pastor F. H. Jennings

O Lord, "thou hast crowned the year with thy goodness".

We praise thee for our world, for our land, for ourselves.

For the ingoing of the seasons, for sunshine and rain, for seed time and harvest, for fertile fields and ripened fruits, for the strength to toil and gather, for peace and plenty, for appetites to consume and the bounty to supply them, we praise thee.

Save us, we pray thee, from the temptations that come with our blessings, the perils of prosperity.

From thankless spirits, from blighting greed, from the folly of pride, from selfish ease and sinful indulgence, save us, O Lord.

From the Hand that supplies our blessings may we draw the strength to properly use them.

Be thou as real and precious to us in our pleasures as in our afflictions, in our festivities as in our mourning. Amen.

Why Charge Admission to The Grand Stand?

It is said that a fee of 10 cents will be charged for seats in the grand stand at the fair grounds this week. Is this necessary?

Should a farmer who comes to town, and brings his family, pay out 50 cents for each ticket, and they have to hang to his wife and children all day and have no place to sit down without paying for it? Is not the success or failure of the fair, resting largely with the enterprising farmers of this section who are called upon to prepare exhibits?

Have we all forgot the blow that killed Montgomery's fair? It was using this method of pulling money from the pockets of the public, charging admission fees, and then charging for a place to sit down.

Don't invite a guest to dinner, and then charge him for his meal. There are other ways the fair could succeed it looks like, without charging for the seats in the grand stand. It will offend. It will hurt the fair, and a little treatment like that for one year, will hurt all fairs of the future. The seats were known to be free last year. Petrons will expect it this year and they will be disappointed if they have to pay for them, even if the price is but a dime.

Couldn't the fair management get together, and take off this charge?

Grounds before noon

Silver Loving cups were presented to the winners.

BLOWS OFF HEAD OF HIS OWN BROTHER IN LAW

Entank, Mo., Oct. 25.—As a result of a quarrel over some land, Lewis Owens, a man in Hixville, this county, is dead and Henry Garner, his brother-in-law and neighbor, is in the County jail at Cheyenne charged with the killing and awaiting the action of the grand jury which is now in session with the man court there. The quarrel took place Monday night at the home of one of the participants and when a gun was brought in to play the role of Owens' head was blown off. The land in question was given to the wife of one of the two by her late

It is charged that the railroads are not carrying out the intention of the commission's order with regard to Mobile shipments.

NO INTEREST IN LIFE

Health Gone—Position in Danger—Both Saved by Vinol.

Dothan people please do us the favor to read this letter.

Brooklyn, N. Y.—I was completely run down had no appetite and lost all interest in life. I thought I surely would have to give up my position. I learned of Vinol, and after taking one bottle felt better. I have taken it for a few weeks and it has built me up and cured me. If people who feel weak, nervous, and run down would only try Vinol I know it would help them as it did me." Robert Mitchell, 1295 Herkimer Street, Brooklyn, N. Y.

The Brooklyn man's case is only additional proof of what we have been telling Dothan people for years. We claim and are continually proving that Vinol is the greatest health and strength restorer for overworked and rundown people obtainable. We will back up this statement by agreeing to return anyone's money who will try it and who finds our claim not true. J. H. McCullum, Druggist.

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—After my first child was born I felt very miserable and could not stand on my feet. My sister in law visited me to try Lydia E. Pinkham's Vegetable Compound and I my nerves became firm, appetite good, sleep better and I lost that weak tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work. Mrs. A. F. Kinsinger, 1554 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs is unparalleled. It may be used with perfect confidence by women who suffer from dyspepsia, inflammation, ulceration, tumors, irregular periods, periodic pains, backache, bearing-down feeling, flatulence, indigestion, diarrhea, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those diseases so peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham, Medicine Co. (mail-order) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ABOUT REPRESENTATION

The Montgomery Journal says: "Although the constitution requires that the legislature shall at its first session after the taking of the biennial census in 1910, fix by law the number of representatives and senators and apportion them according to population, and that there has been two regular sessions of that body since that time, it has not been done."

The constitution requires the legislature to reapportion the representatives according to population, but it does not give the legislature the authority to "fix the number." The constitution fixes the number, and the State cannot have but 106, unless by the formation of a new county, as in the case of Houston county, which was formed since the last constitutional convention.

The Montgomery Journal's article about the reapportionment is not correct. It says further: "Upon investigation it was developed that Jefferson, Mobile, Montgomery, Covington, Etowah and Tuscaloosa would be the principal gainers by the required apportionment." And further it says that "Jefferson would get five, making eleven," Jefferson in proposed bill, would have received but four new ones, making eleven, as it now has seven. Mobile would have gained one, Montgomery none, Etowah none, Tuscaloosa none, but Covington, Houston and Jefferson

would have been the only counties that benefitted by the reapportionment. Houston is the highest single unit in Alabama, with but one representative, and Henry the smallest with two, it having 20,000 population, as against Houston's 32,418.

There were three house bills that met defeat in the various committees of the house, and doctory, but the black belt representatives, who would have lost could muster enough votes to smother the bills in the committee.

A good way to make the schools popular with children would be to teach them nothing but the funny papers.

With the completion of an extensive series of alterations on

the "Alex Rice store, Montgomery, one boast of one of the largest and finest stores in the South dealing in wearing apparel for men, women, boys and girls.

The new show windows are to themselves a credit to any community. The above illustration shows these windows, which give this store an unusually large amount of display space. To convey, in print, the beauty of this front is rather difficult, but a brief description will give some idea as to construction and mate-

These windows are of the arched type, which gives two tiers

of windows with a spacious tiled vestibule separating the different sections and affording plenty of room to view the display. The background is of paneled birch.

It is the intention of Alex Rice to keep the displays in these windows right up-to-the-minute, so they are constantly arranged to present only the newest things as they arrive daily at this "Big

Store."

Mr. Rice has also made many changes in the interior of the store. The entire second floor is now given over to the women's misses' and children's department and the boys' department. These two departments have been greatly increased in size, particularly the women's and misses' Ready-to-Wear Section, which has added many new lines. Women's garments in the larger sizes are now carried here, also models in suits and dresses to fit stout figures as well as a complete showing of coats, suits, dresses, waists,

skirts, etc., in all regular sizes.

The children's section is complete in every respect, showing apparel to fit the little tots and growing girls. For convenience and comfort to its patrons this department is arranged in an ideal manner. Roomy aisles, a rest room and plenty of good light

sized store in itself. The third floor is used as stock rooms.

Mr. Rice says he is prepared for this fall's business, with the largest and best assortment of merchandise he has every stocked. The large out-of-town business which his store enjoys in addition to the local patronage which is steadily growing larger, demands an extensive preparation in order to supply all wants and this store is surely equipped at the present time to supply the clothing needs of Montgomery.

allow Henry to have two. That

is fair and right.

could muster enough votes to

smother the bills in the committee.

A bill was introduced and passed in the senate, giving one more representative to Houston and taking one from Henry. It was not opposed because the change was fair and effected but the two counties, but this bill met with opposition from the two representatives from Henry. One, Mr. Espy, just on the heel of adjournment, borrowed the bill from the committee, and kept it too late to make a report and have it passed before adjournment. But this trick didn't work as there were two bills, with different captions, and when the chairman of the committee to which it was referred, found that it had been borrowed for the purpose of blocking its passage, he had the committee to favorably report the other, and it got on the calendar. In attempting to call this bill up by unanimous consent, Mr. Ward, of Henry objected to it, and in the rush of bills at the last of the session, it died on the calendar, but not till it had put Henry's two representatives on record as opposing the bill, which may result in the abolition of the rotation system of electing a senator from the third district in the future.

Houston has possibly 40,000

population now, as against Henry's possible 23,000.

Henry had two representatives when Houston was formed and no legislature since that time has passed a reapportioning bill.

Houston is entitled to the first

change that is made, according to

population, and Henry would nat-

urally be the first to lose, it being

the smallest county in Alabama, with two representatives.

Therefore, when the bill is block-

ed that seeks to remedy this, and

is blocked by the representatives

from Henry, it is but natural

that Houston should continue to

elect the senator from this dis-

trict, so long as it has the votes.

That would give Houston two

members in the legislature, and

Piano Recital Very Enjoyable

A very enjoyable recital was given Saturday afternoon by the pupils of the piano department, assisted by Miss Watson and Miss Margaret Tutwiler under the direction of Mrs. Lila Edwards Harper.

These recitals are given every month and are always enjoyed by a large audience.

The readings by Miss Watson were very much appreciated; her selection, "The Soul of the Violin," with piano and violin accompaniment by Miss Tutwiler and Mrs. Harper, was especially beautiful.

The following program was rendered:

1. "A Study," (Lebert-Stark) Eleanor Williams.
2. "Slumber Song," (Lebert-Stark) Fred Pileher.
3. "Hide and Seek," (Eisenberg) Lois Eisenberg.
4. "Robin's Lullaby," (Krohnmann) Eddie Saxon.
5. "Pink," (Lichner) Mildred Hill.
6. "Marguerite," (Lange)

Katherine Gaines.

7. Reading (selected) Miss Kittie M. Watson.
8. "Feather Dance," (Duel) Miss Jewell Harris.
9. Sonata No. 1, First Movement (Mozart) Miss Lucille Coffton.
10. Second piano, Mrs. Harper.
11. "2nd Pulse," (Godard) Miss Faunie Williams.
12. "Souvenir de l'automne," (Richards) Miss Thelma Parker.
13. "In a Gondola," (Pennington) Miss Anna Carmichael.
14. "J'y Pense," (Meyer-Heimund) Miss Maeve Helms.
15. Reading (selected) Miss Kittie M. Watson.
16. "Seafar Dance," (Chamaine) Miss Grace Faircloth.
17. "Murmuring Zephyres," (Niemann) Miss Reba Pileher.

Our section is purely agricultural, we live by the products of the farm; when we do something for the betterment of the farmer, we are also helping ourselves. This is an Agricultural Fair, with numberless other attractions to draw crowds and entertain. Dothan will reap the benefit for all time to come.

TO VISITORS—We invite you to make our store headquarters, whether buying or not. If buying, we will have extra clerks to serve you.

We have made big preparations. We have gathered all that's best from the world's Fashion Centers. Our store is one price to everybody alike. We are in every way, Dothan's Best Store. We will maintain a rest room for your comfort in the Woman's Building, on the Fair Grounds, with ice water and Sanitary Drinking Cups.
